

A letter from a Guide Dog owner to her dog.

Dear Samson,

There was a time when I couldn't go to the shops, and this made me sad and lonely.

There was a time when I couldn't go for a walk because I was scared I'd fall over or walk into someone.

There was a time when I didn't laugh or smile much because nothing felt funny or fun.

Then one day I could do it all ... because

you came to stand by my side and safely guide me to where I wanted to go.

you taught me to laugh and smile again because you are so funny when you play with your toys.

you made me realise again that there's lots of fun, interesting and fascinating things to do again!

Thank you Samson!
